

Aisha's Sadaqa box

Aisha came home very excited after her Al Sadaqa club meeting in February. She started looking for a box at home and asked her mom to help her to find a box so that she can collect money in it for sadaqa. We found an old watch box and she cut the gift paper and decorated it shiny stickers saying Peace and Love.

Every day when she did good deeds like looking after her little sister or reading the Quran or clearing her toys away, Mom and Dad gave her rewards which she would put it all in her sadaqa box.

One day when we were getting ready for the new Masjid Fundraiser at MAPS in Redmond, Aisha inquired - "What is a fund raiser Mom?". "We are collecting money to build a nice new masjid in Redmond. We need money to put the carpets, furniture and things to make it safe for prayers and kids to have activities there" Mom explained. "Really! This is great! Mom - Can I please give all of my sadaqa money for the new masjid?" - Aisha asked. "MashAllah you sure can. That is a wonderful idea!" Mom smiled.

Aisha prepared a decorated note along her sadaqa box for her sweet masjid MAPS. She took her sadaqa box containing \$50.00 in a shiny bag and gave it for the masjid contribution. It made her so happy to be able to contribute in the making of the house of Allah. Mom and Dad were very pleased with her Sadaqa project.
